Rabbit anti-Mouse IgG-HRP

Cat# BB-SAB02A (250µl)

Cat# BB-SAB02B (500µl)

Cat# BB-SAB02C (1000µl)

Clonality: Polyclonal

Host: Rabbit

Immunogen: Mouse IgG (H+L chain)

Conjugate: Horseradish peroxidase (HRP)

Purification: Affinity chromatography.

Concentration: 1mg/ml

Application: Western blotting, ELISA.

Recommended Dilution:

Western Blotting: 1:3,000-1:5,000

ELISA: 1:10,000-1:20,000

Storage buffer: Sodium azide free 100mM phosphate buffered saline pH-7.3, containing 50% Glycerol and 1.5% bovine serum albumin.

Recommended Storage: 4°C.

Exp. Date: 12 months from receiving if proper storage condition is followed.
